PET RULES

A few simple rules to ensure a relaxing holiday with your four-legged friend while respecting all other guests:

- Declare the presence of your pet at the time of booking and, in any case, upon arrival.
- Present, upon request, a valid vaccination record and current liability insurance certificate.
- The pet must be microchipped and have received parasite treatment.
- Never leave your pet unattended.
- Keep your pet on a leash at all times (max. 1.5 m) and carry a muzzle.
- Accompany your pet outside the campsite or within the **Bau Park** for toilet needs daily, ensuring it does not relieve itself on the way – e.g., at the beach, on pitches, by trees, or in any communal areas.
- Always carry a kit for collecting solid waste and rinsing liquid waste; clean and disinfect the affected area immediately.
- Make sure your pet does not disturb other guests.
- Bring your pet to the beach, where it may stay under the sun umbrella in the designated area, or to the bar and restaurant, always on a leash and following the route indicated by management, avoiding restricted areas.
